## Look Ahead America Announces \$2 Million Patriotic Voter Registration Drive in Arizona

**Scottsdale, AZ** – Today, Look Ahead America marks the launch of Look Ahead Arizona (LAAZ), an intensive voter registration and community organizing effort in the Canyon State.

The field program has a budget of \$2 million and will register, educate, and turnout to vote disaffected, patriotic Americans of rural and blue-collar backgrounds. The program will deploy twenty-five full-time field staffers and hundreds of volunteers throughout the state, and includes teams dedicated to helping First Nation, Black, and Latino communities register to vote.

The effort is made possible thanks to a generous contribution from Arizona entrepreneur and military veteran Jim Lamon.

Look Ahead America Executive Director Matt Braynard released the following statement:

“The progressive left’s dominance of voter registration in this country ends today. LAAZ will reach the lost demographic of America First patriots who have been ignored by our nation’s political institutions that hold them in disdain. Our #1 job is to make sure these American voices are heard by getting them engaged in the political process. I especially want to thank Jim Lamon for his support of this project. His wisdom in understanding the need to invest in the participation of the democratic process among our fellow Americans, those that have suffered the most at the hands of the country’s political elites, sets an example we hope other donors follow in their states.”

Jim Lamon also made the following statement:

“While I have been blessed to build an incredibly successful businesses that employs thousands of Americans here in Arizona and around the country, I haven’t forgotten where I came from. I grew up working on a small family farm and relied on an ROTC scholarship to go to college before serving in the Army. These new voters we are going to register and turnout to vote – I know them. I grew up with them, went to church with them, and was raised by them to become the man I am today. They are my fellow countrymen and my family. Their struggles were once my struggles. We will not allow these patriots to continue to be ignored by our nation’s ruling establishment that has put corporate, globalists, and special interests ahead them. Look Ahead Arizona will fight to make the American Dream their dream again, and I am honored to have the opportunity to make this happen.”
